

## TASK 7 – DASHBOARD VISUALIZATION (PART 2)

- Add visuals:

- Table

| CustomerName | Sum of Profit | Sum of Quantity | Date                |
|--------------|---------------|-----------------|---------------------|
| Aakanksha    | -18           | 8               | 01-07-2018 00:00:00 |
| Aarushi      | -1456         | 19              | 08-04-2018 00:00:00 |
| Aarushi      | 115           | 7               | 14-02-2019 00:00:00 |
| Aarushi      | -328          | 23              | 22-03-2019 00:00:00 |
| Aashna       | 376           | 32              | 04-12-2018 00:00:00 |
| Aastha       | 873           | 28              | 26-10-2018 00:00:00 |
| Aayush       | -38           | 18              | 15-11-2018 00:00:00 |
| Aayushi      | -25           | 3               | 04-06-2018 00:00:00 |
| Aayushi      | -22           | 7               | 15-09-2018 00:00:00 |
| Aayushi      | 84            | 8               | 27-01-2019 00:00:00 |
| Total        | 23955         | 5615            |                     |

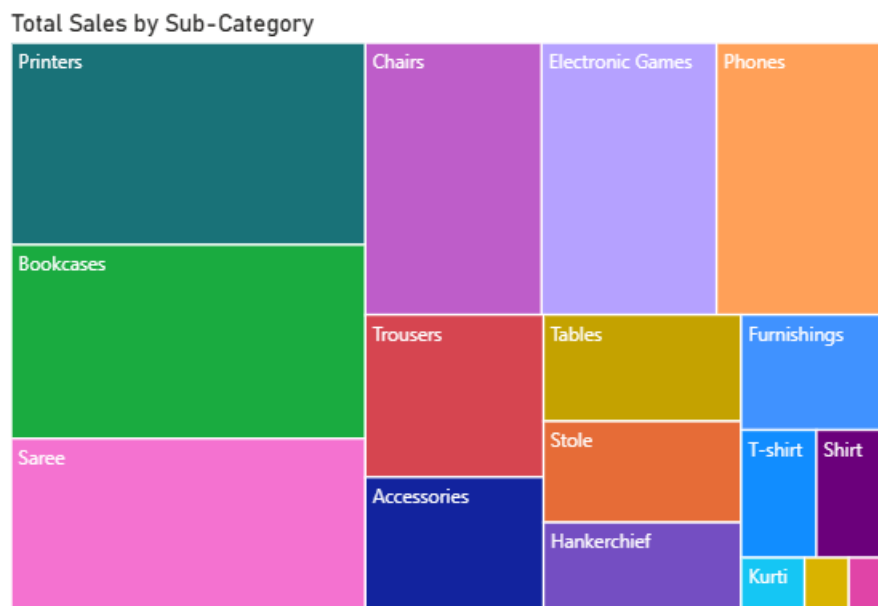

### Matrix:

| Year      | 2018        |              | Total       |              |
|-----------|-------------|--------------|-------------|--------------|
|           | Total Sales | Total Profit | Total Sales | Total Profit |
| Furniture | 2345        | -22          | 2345        | -22          |
| Total     | 2345        | -22          | 2345        | -22          |

### Map:

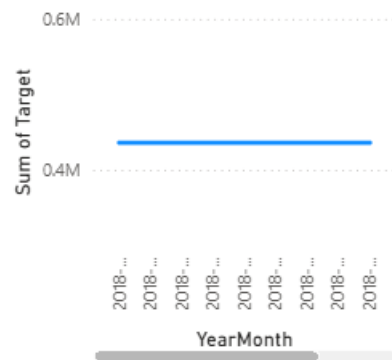

**Tree map:**

**Combo chart:(Line, Column clustered chart)**

Sum of Target by YearMonth

Total Sales by YearMonth
